**II. Approval of Minutes**

A. January 13, 2021

Mr. Pratt made a motion to approve the minutes.

Mr. Davis seconded the motion.

The motion passed by a vote of 5-0-0.

**III. Citizen Communication**

Larry Millican, Councilmember, introduced himself and stated that the improvements are not mandatory and if the citizens of League City don't want the medians, they do not have to be installed.

**IV. New Business/Action Items**

David Hoover, Executive Director of Development Services, stated that this Texas Department of Transportation (TxDOT) project from TxDOT's prospective is to make improvements as a traffic solution. Staff saw this project as an opportunity to enhance FM 518 and assist Economic Development.

Kevin Kiersh, Chair provided aerial imagery with measurements of roadway widths. He described his observations of different areas along Main Street and surrounding locations with medians.

Mr. Hoover discussed the potential benefits of the medians including, traffic safety, beautification, and economic development.

Ms. Edelman requested staff to have a traffic Engineer come and speak to the Committee about medians, median openings, and traffic flow.

Mr. Hoover indicated he would try to find an Engineer to speak with the committee about the proposed improvements from a traffic and safety standpoint.

Mr. Hoover discussed the Green Ribbon program with the Committee.

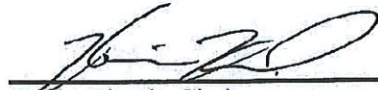

The Committee discussed ideas and concerns related to access, turning radius, traffic, economic development, beautification, and possible alternatives.
